

**TOTAL GATE & DOOR AUTOMATION**

Pty Ltd ACN:123 838 022 ABN 51 123 838 022

## THE COMPANY

Total Gate and Door Automation Pty Ltd ("Total Gate") has specialised in gate automation and access control systems since 1990. In that time, many thousands of installations have been carried out ranging from complex industrial projects to residential sliding and swing gate installations.

These include complex cantilevered gate systems and in-ground, sliding, swing plus traffic and pedestrian barrier operators activated by a broad range of access devices including transmitters, photo-electric cells, proximity card readers, loop detectors, key switches and even mobile telephones.

One make or type of product may not be suitable for a particular job and we only use appropriate, quality products for your project that are in our experience best suited to your needs.

Total Gate's technical staff are direct company employed tradespersons providing prompt, reliable service throughout Adelaide using company owned, fully equipped vehicles. We have also undertaken numerous installations in regional areas.

Total Gate is a full service company which can provide all associated access control and automation services including electrical cabling, strip and mounting pad footings, track laying, pillars, gate design and construction incorporating intercom systems, as well as fencing.

We are proud to have specified and installed equipment for many leading private and Government organisations including:

<b>SA Police</b>	<b>Adelaide Airport</b>	<b>Hansen Yuncken</b>
<b>Tagara Group</b>	<b>Badge Constructions</b>	<b>DSTO</b>
<b>Built Environs</b>	<b>McConnell Dowell</b>	<b>Pelican Point Power</b>
<b>Boulderstone Hornibrook</b>	<b>DAIS</b>	<b>Leading Strata Companies</b>

Some of our individual clients include many very well-known business persons and sporting identities. A large percentage of our business is from repeat clientele, word of mouth or direct referral.

We welcome you to visit our purpose-built premises at Black Forest where you can see we are a sizeable and credible operation with the capacity and professionalism to cater for your particular project needs. Alternately, our website is up to date and designed to inform you of some of your options. Additionally, our friendly sales staff are always happy to speak to you.

At Total Gate, we will always do what we have committed to do.
